

## rock space P65 Mini PD

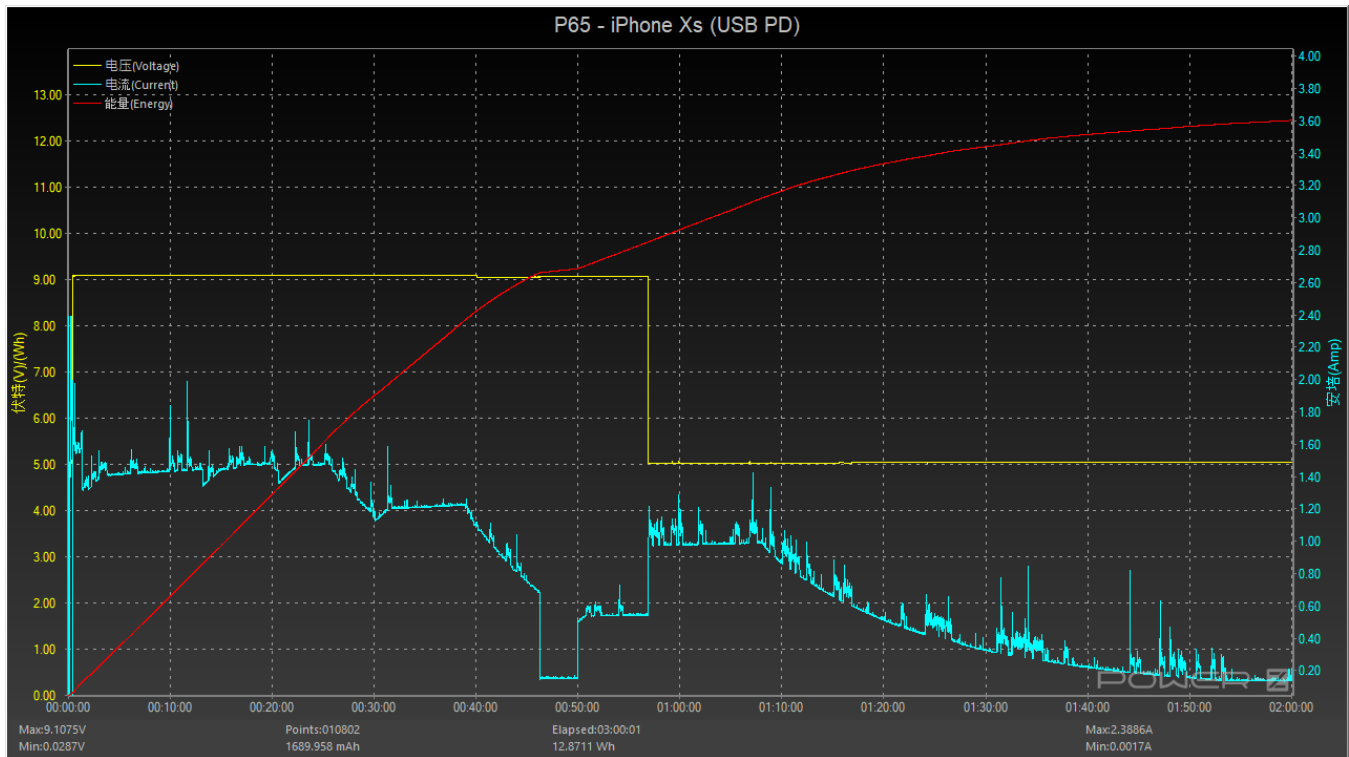

## Chargin Mediatek PE+2.0 device

there is an issue with charging MTK-PE+2.0 device (Umidigi Z2 Pro) using the power bank type-c port. High voltage triggerd only during smartphone reboot.

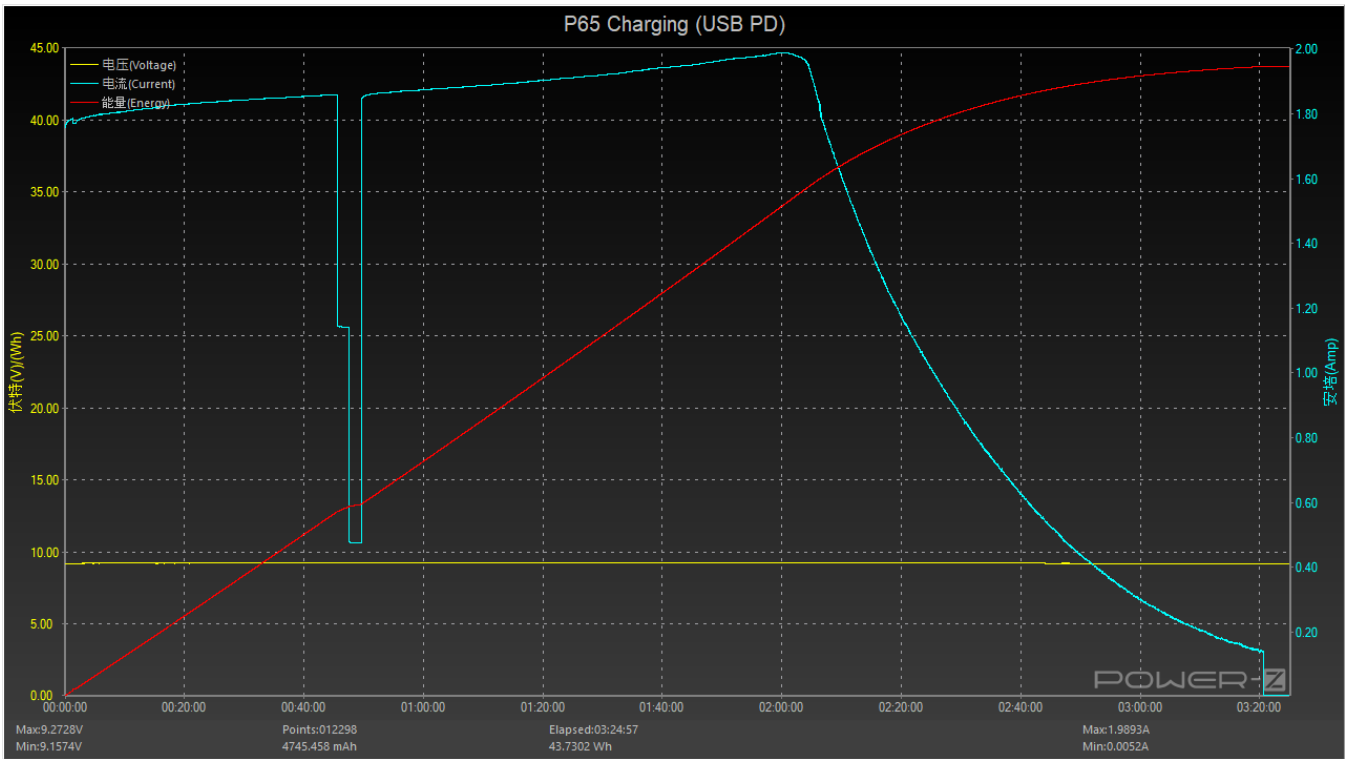

## Chargin USB PD device

iPhone Xs with type-c to lightning cable

# Charging the power bank

Using Type-C port

## Using Micro-USB

Protocol: QC2.0 9v
