

add sonarqube admin rights to user from linux console

```
find / -name sonar.properties  
cat conf/sonar.properties |grep ^sonar.jdbc
```

```
mysql --user=sonar --password=sonar sonar
```

```
select * from user_roles;
```

```
select id,login,name from users;
```

```
INSERT INTO user_roles(user_id, role) VALUES ((select id from users where login='firstname_lastname@example.com'), 'admin');
```
